Tools/Technologies: Tableau, JupyterLab, Minitab, PyCharm, PHPStorm, Microsoft Visio, Lucidchart, ProjectPlan365
Methods/Frameworks: Machine Learning, Exploratory Data Analysis, Predictive Modeling, Sentiment Analysis, Agile, OOP, UML

WORK EXPERIENCE

Leadership Academy @ Saunders — Rochester, NY
Director of Peer Mentorship Program — April 2026 - Present

- Lead data-informed mentor-mentee matching using academic, career, and behavioral information to create strategic pairings and strengthen engagement across the mentorship program
- Manage program initiatives across students, faculty, alumni, and external stakeholders, coordinating training, networking events, and alumni panels while tracking participation, maintaining compliance, and supporting program improvement

Saunders College of Business — Rochester, NY
Research Assistant - Artificial Intelligence in the Hospitality and Tourism Industry: A Critical Review — July 2025 - Present

- Identifying emerging AI adoption trends, research gaps, and theoretical frameworks by synthesizing findings from **15+** academic sources through a systematic literature review of AI in hospitality and tourism
- Translating research findings into field-research objectives and coordinate with industry stakeholders to investigate the operational, technological, and workforce impacts of AI adoption

First American Equipment Finance — Victor, NY
Sales Support Intern, Vendor Finance — June 2026 - August 2026

- Expanded the Healthcare team's vendor pipeline by researching through a report of **1,000+** equipment manufacturers and software developers, leveraging **ZoomInfo**, **Dun & Bradstreet**, and **LinkedIn Sales Navigator** to build company profiles and identify prospective partners
- Improved prospecting efficiency for Program Managers by transforming company, industry, and market research into actionable vendor intelligence used to prioritize outreach and business-development opportunities

PROJECTS

Energy Market Analysis & Visualization | *Tableau, Python, Pandas* — January 2026 - May 2026

- Enabled energy-performance benchmarking across California, Texas, Arizona, and New Mexico by analyzing **70** years of data, **700+** variables per state, and **196,000+** data points using **Tableau** and **Pandas** to evaluate renewable generation, energy intensity, pricing, and consumption trends
- Developed data-driven recommendations for regional renewable integration by building **KPI** dashboards, evaluating economic decoupling and energy-market trends, and translating findings into strategies for grid infrastructure, renewable adoption, and interstate coordination

Customer Churn Prediction – Kaggle Competition | *Python, JupyterLab, Scikit-learn* — January 2026 - May 2026

- Achieved **94.4%** cross-validation accuracy predicting telecom customer churn by engineering **13** new features and developing **Random Forest**, **XGBoost**, and **LightGBM** models using **2,520** customer records
- Translated model outputs into retention recommendations by comparing classification accuracy, Kaggle performance, and financial misclassification costs, identifying account inactivity and customer complaints as leading churn-risk indicators

LEADERSHIP ROLES

Business Technology Professionals — Rochester, NY
Webmaster | Past: President, Vice President — April 2026 - Present

- Support a **350+** member technology-focused organization by managing its website and LinkedIn presence, maintaining accurate and accessible digital communications for students, alumni, and external partners
- Drive professional and technical development initiatives by helping plan workshops, industry speaker sessions, and skill-building events, collaborating with student leaders and external professionals from planning through execution

Theta Chi Fraternity — Rochester, NY
Recruitment Chairman | Past: VP of Health and Safety, Social, Athletic — April 2026 - Present

- Lead full-cycle recruitment strategy and execution, coordinating event planning, marketing, candidate evaluation, member participation, and the bid process to support chapter growth
- Manage recruitment documentation, processes, and compliance requirements to maintain an organized and transparent selection process aligned with fraternity standards
